A Special Poem for all of our Mom' Check Out the Poem!!

A Mother's Joy

She wakes up in the middle of the night

To check if you're alright

She holds you in her arms

Until you sleep tight

The happiness you bring

It makes her heart sing

She'll never leave your side

She will always be your guide

Never take her for granted

Never make her cry

For a mother's joy at heart

Is the love of a child.
